Napa County Farm Bureau is greener than ever

NAPA, Calif., May 29, 2009 – Napa County Farm Bureau received the Green Business Certification offered by the Bay Area Green Business Program. Napa County Farm Bureau is amongst 1600 businesses and public agencies that have been certified green by the Bay Area Green Business Program since its introduction in 1997.

“We are thrilled to receive the Green Business Certification which recognizes our many conservation efforts. We encourage others to “Go Green” and contact Danielle Sinclair at (707) 259-5968 to begin the certification process” says Executive Director Sandy Elles.

Certification is awarded to businesses that comply with all environmental regulations and take steps to conserve natural resources, prevent pollution, and reduce waste. The Bay Area Green Business Program (BAGBP) verified that Napa County Farm Bureau met higher standards of environmental performance.

BAGBP’s partnership of government agencies and utilities helps local businesses comply with all environmental regulations and take actions to conserve resources, prevent pollution, and minimize waste. They offer motivated businesses and agencies an easy-to-use framework for improving environmental performance.

About the Napa County Farm Bureau

NCFB is a voluntary, non-profit, non-governmental organization whose basic goal is to ensure the proper political, economic, environmental and social climate for the continuation of agriculture. Today, NCFB strives to preserve land for agriculture, and creates policies and programs that allow us to maintain a high quality of life in Napa County.
